ROYAL BAKING POWDER
ABSOLUTELY PURE.

For quick raising, the Royal Baking Powder is superior to all other leavening agents. It is absolutely pure and wholesome and of the highest leavening power. It is always uniform in strength and quality and never fails to make light, sweet, most palatable and nutritive food. Bread, biscuits, muffins, cake, etc., raised with Royal Baking Powder may be eaten hot without distressing results to the most delicate digestive organs. It will keep in any climate without deterioration.

Prof. H. A. Mott, U. S. Government Chemist, after examining officially the principal baking powders of the country, reported:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.

"DR. HENRY A. MOTT, Ph. D.,"
U. S. Government Chemist.

HENRIETTA SURAHS.

We shall offer on Monday, the 27th of August, 100 pcs. of Pure Wool Henrietta Surah Dress Goods, manufactured in Paris. They are 46 in. wide and extra heavy in weight; price 55c per yd. It takes only 8 yds. of these wide goods to make a full dress. Only $4.40 for the material for a full dress, which any lady might wear. The colors comprise forty of the newest and most fashionable French shades for this season. The quality is durable; the goods are warm, handsome, and attractive; the fabric is one of the most fashionable of the season; and for the above very moderate price purchasers can obtain a garment suitable for any occasion, with all the appearance and wear of much more expensive fabrics.

There seems to be an impression in the minds of some people that in order to get bargains in Dry Goods it is necessary to go into unattractive, crowded, ill-lighted stores. We beg to assure the trading public that we will guarantee the lowest prices in the city, and we offer them the advantage of trading in a bright, airy, attractive, clean store, where they can make their purchases in the daylight (it is the best lighted store in the city), and where they can see what they are buying. If they want good goods at the lowest prices, we have them, and we feel justified in saying that purchasers can find in our store at all times the best values and the most comfortable place in which to trade in the Northwest.

HOSIERY.

Among the belongings of Summer which we must get rid of quickly are the Children's and Ladies' Hosiery. They've been a success—but must make room for other goods.
